Lay down, let's start a family
Lay my fears and my failures
To rest, no more dreams

(You can't sleep, you can't see your future)
You'll lie awake waiting for your moment
To shine, precious time
(You can't waste)

Just waiting weighed down by the fears
Of our fathers can't stop us now
Because waking up with the road
Moving under our feet is what moves us

Lay down, you're almost dead now
You're getting older, we're getting colder
You're moving out you'll trade your six string
For a family and a desk and I don't blame you for
giving up
