Sleeping in I'll begin again to shed this skin
And be born again
We'll drink to forget and drink to forgive
We'll rethink our futures, rethink our futures

I can't remember what he said
When he left my bed and left my life last night
But I'll be thinking about you
I'll be thinking about

So stay if you can, won't you stay if you can?
And lead me to your promised land
So stay if you can, won't you stay if you can?
And lead me to your promised land

Fall in, fit in, let the broken hearts club dance
Fall in, fit in, let the broken hearts club dance
Fall in, fit in, let the broken hearts club dance

So stay if you can, won't you stay if you can?
And lead me to your promised land
So stay if you can, won't you stay if you can?
And lead me to your promised land
