I can't sleep at night
Cause they won't see me
Running from the daylight
To where she keeps me

And when the sun rises, she watches over me

Waiting for the daylight
Cause then she'll keep me
In the safety of her arms
She never leaves me

And when the sun rises, she watches over me

He tells me all his secrets
He thinks nobody knows
We lay together in daylight
I love him so

And when the sun rises, he watches over me

It's not like it was before
And she can't keep me anymore
She loves me

Why don't you stay here with me
I pray that our morning won't leave
Let me keep you, then you'll see
Don't hide the truth from yourself
It's you that I'll love and protect
Let me keep you here with me
