(Phonte - singing)

Yeah,yeah,yeah,yeah,yeah,
Ooh,oh,oooh baby
oh,oh,oh,yeah

Wondering if

A face that wears a smile like yours
Has ever heard a no before
Such a beauty and a blessing
And if no one else is telling
I will I will

Wondering if

A man like me could swallow his pride
Would you stay with me and stand by my side
And let nothing come between it
Girl you know I really mean it
For real for real for real

Chorus

When she lays down at night
I wonder what she sees
When she thinks of paradise
Maybe she'll dream of me
So every night I pray
That when she goes to sleep
And she dreams of a love
Maybe she'll dream of me

(Phonte - singing)

Just imagine the possibilities (talking about the possibilities)

If you would only let down your guard
I always say my love is easy babe

You don't have to make it so hard (so hard yeah)

I know you wont nothing else
But you can try and tell yourself its all a game (all a game)
I know you been only wishing
For a love that goes the distance
Call my name
Cause I am in love with you

Chorus

(Phonte - rapping)

I'm thinking that your outta my league
Walking round looking like something right outta my
dreams
People saying me and you was like the finest
cheerleader
Going with the dude that got picked last for the team
But desire is a miraculously thing
When your soul get ravenous
All you want is just a little happiness
And you would gladly grab it from the average things
No matter how it'll look or how absurd that it seems
So its important to stay to when its workin, ya mean?
Even if your perfect person is alerted by screams
And was wasn't and wows and how are they together
man I just can't believe
This is something that the old G's called composure
Keep me in mind
Baby you are my star and I no realigned
Sweet candy for me and my dreaming eyes
And when I lay down at night maybe you'll be in mind
Know what I'm sayin?
