I'll see you, see you in the morning, in the morning

[J. Holiday]

Wanna put my fingers through your hair

Wrap me up in your legs

And love you til' your eyes roll back

I'm tryna put you to bed, bed, bed

I'ma put you to bed, bed, bed

[Nina Sky:]

Then you can rock my body
Turn me over
Love is war, You my soldier
Touchin' me like it's our first time
I'ma put you to bed, bed, bed
I'ma put you to bed, bed, bed

[Verse 2:]

I'm starin' at you while you're sleep
Irreplaceable beauty
Put my face up in your neck and breathe (Ooh, breathe)
Take you into my senses
Wake up it's time to finish
Round two, round two
Matter of fact, it's closer to three
She like, "How long I been sleep?"
Shawty kisses turn into the sweetest dreams
Like give it to me
And I can feel her tell me
"My angel, this is wonderful
Thanks for letting me bless ya"
Come down, fly right
Drift back into heaven
Oh, oh, oh, oh

[Pre Chorus]

[J. Holiday:]

I love it, i love it, you love it, you love it,
Everytime, everytime, we touchin', we touchin',
