[Vinia Mojica]

Here we are.. history repeats itself.. again
My angels say.. ignore his deceit and say
Children locked in, stone that's deep
Anything to, break the will
Ask and receive, baby
Love is what we need, baby
Love will make it right
Evolution of, you and I
Ask and receive, baby
Love is what we need, baby
Love will make it right
Evolution of, you and I

I'm breakin through, every wall I see, dividin
Can't keep me from mine, best believe, see me risin
Can't let no one take control of the soul I believe in

And these are my, little chains
Entertwining, confining, confined

Ask and receive, baby
Love is what we need, baby
Love will make it right
Evolution of, you and I
Ask and receive, baby
Love is what we need, baby
Love will make it right
Evolution of, you and I
Ask and receive, baby
Love is what we need, baby
Love will make it right
Evolution of, you and I
Ask and receive, baby
Love is what we need, baby
Love will make it right
Evolution of, you and I
Ask and receive, baby
Love is what we need, baby
Love will make it right

[Last Emperor]

In search of the love that's intangible
They got me locked like an animal, bust it

[Vinia Mojica]

Ask and receive, baby
Love is what we need, baby
Love will make it right..
Ask and receive, baby
Love is what we need, baby
Love will make it right..

[Last Emperor]

As Vinia Mojica delivers her siren song
Forgive me if I hear wrong, I don't think that I belong
in a security prison system that reads maximum
Deprived of what man needs most, social interaction
when I got locked up, for a series of events occurring
Now I'm somewhere between a slave and indentured
servant
C.O.'s hate me, rehabilitate me?
They don't want me released back on the streets seein
my lady
Question in the mystery of life and how I should lead it
It wasn't in books, I couldn't study it or read it
I'ma tell you a secret if you promise to keep it
For now I realize the love was all that I needed

[Vinia Mojica]

Ask and receive, baby
Love is what we need, baby
Love will make it right..
