I can't explain the fallin' rain
Say when the sun will shine again
I only know I want your kiss
Of this I'm sure

I never miss the moon's bright light
The magic of a starry night
It's just your lovin' arms I miss
Of this I'm sure

Come back, come back,
Come back to my heart
What good am I without you?

I cry, and cry
'Cause we are apart
I need you so,
Darling I do

[CHORUS]
Uncertain as some things can be
I know that you belong to me
I also know that we'll endure
Of this I'm sure

(I cry and cry)
('Cause we are apart)
I need you so
Darling, I do

[Repeat CHORUS]

Of this I'm sure!
