maybe you thought that i was just like, like them other
girls
that you could play me how you wanted and i wouldn't
care
you got me twisted, you ain't that gifted
so get up on out of here before i get lifted
don't kid yourself ah ah you can't play me like that no
go straight to hell, you better get gone before you get
smacked
you had me twisted, i ain't some pinhead
and i ain't just gonna roll over and play dead

i'm a ranger burning fire
i'm a fierce and fearless women
and i cut just like a knife
so don't you dare keep on pursuing
this lie, this time
got me backed into a corner
i'm a fighter not a lover
i'm a fighter not a lover no

boy don't test me you won't like what you see
things get nasty when i get get angry
i'm stronger than you thought so wipe that smirk off
your face
you're like a broken record nothing ever seems to
change
you and your ego has got me loco
so get up out of here before things get physical
out comes the claws (?) can't play with this cat
go straight to hell, you better get gone before you get
smacked
you got me twisted, i ain't some pinhead
and i ain't just gonna roll over and play dead

i'm a ranger burning fire
i'm a fierce and fearless women
and i cut just like a knife
so don't you dare keep on pursuing
this lie, this time
got me backed into a corner

i'm a fighter not a lover
i'm a fighter not a lover no

boy don't test me you won't like what you see
things get nasty when i get get angry
i'm outta my cage, i'm outta my cage
i'm so filled with rage, so filled with rage
now don't you test me, me
better walk away...

i'm a ranger burning fire
i'm a fierce and fearless women
and i cut just like a knife
so don't you dare keep on pursuing
this lie, this time
got me backed into a corner
i'm a fighter not a lover
i'm a fighter not a lover

i'm a ranger burning fire
i'm a fierce and fearless women
and i cut just like a knife
so don't you dare keep on pursuing
this lie, this time
got me backed into a corner
i'm a fighter not a lover
i'm a fighter not a lover no

boy don't test me you won't like what you see
things get nasty when i get get angry
