[Intro] New Ransom, French Shit's called Ride Out
[Ransom] Let me stop actin like I'm hardly sane, when
I'm spittin bars of flame Scar your brain, and I'm still
smooth enough to massage your dame Clog a drain,
gorilla status, don't let me stomp your frame Far as
pain, I walk around bloody like I was John McClain Palm
and aim, you the weakest link and I'm the strongest
chain Pause the game, keep money stacks, as 'bout as
long as trains All the blame, place it on him, he don't
go hard the same Give you the fair 9/11 like I was on
the plane Wild boys flyin in jets, hoppin in foul toys Me
and Frenchy, Tio and Roma, cocaine cowboys You can
smell what I'm sayin homey with no Altoids Deep as the
Garden on fight night, except without noids The streets
give me energy, I speak with intensity Police gon'
remember me, cause beast is my pedigree I keeps my
integrity, increasin it steadily You vegan-ass niggaz
know beef - that shit'll never be~! (WOOOOOOO!)
[French Montana] I got it from here Ransom, uhh
Homey put your order down, rich thugs all around Roll
up, quarter pound, niggaz flow watered down Homey
I'm a block boy, Skittles give you lockjaw Be there in the
top drawer, stay up in the top floor Nigga I'm the whole
package (package) I will have the doctor, sewin yo' ass
up like clothes fabrics Cause nigga I'm the best and I
don't know Cali (Cali) Ball like Michael, Philly, old
Mavericks (OLD Mavericks) Block shit twat and your
flow garbage (garbage) You ain't shootin shit, you're
pressin charges I will help you niggaz find God Surf
down sing-song your iPods Demolish you niggaz Bill
box you out, straight Ben Wallace you niggaz You know
you better get your money, guns and soldiers 'Fore you
try to diss me to get some exposure Nigga got my bars
up, guns long, stocks high and my scope out I'm aimin
for the top five, look! I'm low-key, picture me hide out
Blast open the trunk, nigga let's ride out Bitch nigga!
Mon-TANA! Coke!! Real dreamin Real dreamin (DJ Envy,
people's choice) Y'knahmean? (Let's keep it movin)
Better slow down
