Up to this day
I've tried to make up for the sins I've
since that day I let you down
I can't seem to forgive myself

will these voices ever stop
or will they haunt me forever
can you please make it stop
'cause now I beg for forgiveness

down on my knees

can you see me
falling down back to the ground
can you hear me
calling out can you please forgive me
can you hold me
one last time so I can move on
so I can move on

now sitting here with waking eyes
I still cannot hide all my guilt away
I have no pride, I am a fake
but still I continue to play this game

my head is spinning make it stop
feels like I'm falling to pieces
I bang my head against the wall
and now I'm losing it all

down on my knees

can you see me
falling down back to the ground
can you hear me
calling out can you please forgive me
can you hold me
one last time so I can move on
so I can move on

take my hand and guide the way

mend my wounds take the pain away
take the pain away

can you see me
falling down back to the ground
can you hear me
calling out can you please forgive me
can you hold me
one last time so I can move on
so I can move on

in grief and regret
we move
