Follow the path to your guilt
Dig up the bones when you have killed
Your eyes see only red
Forever, no remorse

Needles and pins will burn my skin
I vanish from you every day
You drain pieces of me
The pain is constant

Close to underestimate me this shallow shell can fight
War!
Fuck the rules, you're shattered
Death is oblivion in me
War!
It comes your way

Why? Dont you pray for me
Our chains we had are gone
You're down and you wont get up
My nails will flesh up your skin

Your path, involves the darkness
The dreams are lost forever
Now the suffering is gone
Your blood will now get spilled

Close to underestimate me this shallow shell can fight
War!
Fuck the rules, you're shattered
Death is oblivion in me
War!
It comes your way

This is war
War, war, war

Whoa

Forever, you're down

Close to underestimate me this shallow shell can fight
War!
Fuck the rules, you're shattered
Death is oblivion in me
War!
It comes your way

Close to underestimate me this shallow shell can fight
War!
Fuck the rules, you're shattered
Death is oblivion in me
War!
It comes your way
