Ooh ooh ooh ooh
Hey ha hey haa, hey ha hey hey
Stars up in the sky
Said, "Your heart, won't lie hard to me"
You speak, and dreams are real
You're free to follow what you feel

Close your eyes and see
(Close)
Life's no mystery
(Life's)
Dreams become reality
(Dreams become reality)
Oh, close your eyes and see
(Close your eyes and see)

Sight of heart, instead of mind
Open eyes still travel blind
We stumble in the dark
See things clearly with your heart

Close your eyes and see
(Close)
Life's no no, no mystery
(Life's)
Ooh, your dreams become reality
(Dreams become reality)
Yeah, if you close your eyes and see
(Close your eyes and see)

Come and fall through a cloud of job doubts
Fall through clouds of fear, clouds of fear
Fall into my arms, baby
Touch this feeling, feeling's believin'
Follow your heart, heart
(Close)
Follow your heart, baby
Your in love

Life's no mystery, memory
(Dreams become reality)
Dreams become reality, when you

(Close your eyes and see)
See with your hearts
See with your spirit
Not with your mind, not with your eyes
Close your eyes, see you, see you
