For a little while we know what heartache is  
And we feel the pain the world can sometimes bring  
For a little while we cry in the night without a single  
song to sing  
But one day all will change, there will be no more  
stormy rain  
Then at last we will rest forever more

So if you're in the valley  
(If you're in the valley now)  
And life is so unkind  
(Life is so unkind)  
And if your tears keep falling  
(If your tears keep falling)  
From your tired eyes  
(From your eyes)

Your burden seem so heavy  
(Your burden seem so heavy now)  
And its hard to smile  
(So hard to smile)  
You must remember  
(You better remember)  
It's only for a while

For a little while, well, you lose someone you love  
And you miss the time together that you shared  
For a little while you feel all alone and scared  
With no one there to hold, oh, the nights get long and  
cold  
But it won't last, it will pass in time

So if you're in the valley  
(If you're in the valley now)  
And life is so unkind  
(Life is so unkind)  
And if your tears keep falling  
(If your tears keep falling)  
From your tired eyes  
(From your eyes)

Your burden seem so heavy

(Your burden seem so heavy now)  
And it's hard to smile so hard to smile  
(So hard to smile)  
Oh, you gotta remember, you gotta remember  
It's only for a while

You better remember, gotta remember  
It's only for a while  
Oh, yes remember  
It's only for a while
