Chorus: You're the best thing yet, to ever come into my life

An understanding hand, when the world calls me grand

You protect my heart, right from the start

Sensitive vibes are strong and true

The very best I've always shared with you

And if I should fall, or if I'm stading tall

I can see you standing there, always willing to share

Each and every part of me

You see things I never, never see

(Repeat chorus twice)

Deep down in my mind, I wonder at the blessing that I could find

Someone as loving as you

Could bring into my life this feeling so right

And so true

Life the flowing waters of a sliver stream

And like the misty vision in a midnight dream

Such a wonder of life to me

So rare is found such a reason to be

(Repeat chorus twice)

Like the flowing waters of a silver stream

And like the misty vision in a midnight dream

Such a wonder of life to me

So rare is found such a reason to be

(Repeat chorus twice)

Vamp: You're so wonderful

You're so beautiful

You're the best thing yet

To ever come into my life

(Repeat Vamp)
