I don't need a reason to be a misfit
Whatever the reason, how far I'll go
When it's my time then I will let you know

It don't take a genius to be an idiot
It don't take a Jesus to save my soul
When it's my time then it's my time to go

Pedestrian is what I am
An understated Samaritan
Where I go, I go alone
As long as I am taking my time

I don't know the answer or be specific
I listen to reason, the reason is true
I did my time, well now it's time to go

Pedestrian is what I am
An understated Samaritan
Where I go, I go alone
As long as I am taking my time

I don't know the answer or be specific
I listen to reason, the reason is true
I did my time and now it's time to go
I did my time, well now it's time to go
I did my time, well now it's time to go
