She spoke and she asked me to dance
And drove to my house the other day
She noticed we haven't spoke in years
Why did she ever run away?

'Cause she never wanted to know me in that way
No, she never wanted to know me in that way

She's leaving me feeling empty
She's leaving me feeling empty
She says she's the one type of girl
The one that I'd like to know
But she's making me feel empty
And I really don't know if she's wrong
Or if she's right for me

She stopped and talked to my friend
And asked him by the bar how I've been
He swore the record's doing fine
When will she ever draw the line?

'Cause she never wanted to know me in that way
No, she never wanted to know me in that way

She's leaving me feeling empty
I ought to know, she's done this before
She's leaving me feeling empty
With the cold rock of her shoulder
And I really don't know if she's wrong
Or if she's right for me
