Sometimes it's easy
And sometimes it's all the same
Sometimes your heart is miles away
Sometimes you're bleeding
But sometimes it's not for days
Sometimes your mind wanders away

Comfortable, only when
I'm in love with you
With you, Sometimes Despair
Gets me there

Sometimes it's lonely
And sometimes it's crowding me
Sometimes you never want to leave
Sometimes you're seething
But sometimes you're frozen hate
Sometimes you blend in with the shade
