Aiy yo the heat from the 'Nuts is traditional

You taking cheap shots, its subliminal

Im dissin you straight up

Wrinkle your face up

Actin like you can't feel me yo

This is pay back, smash your single and your video

Put the tek to your neck and force a story out of ya

Snuffed your producer and drop-kicked your
choreographer (Hwa!)

Honeys scream "Wha?!"

We they see me jumpin out the money green truck

Into the club, so we can tear it up

Like the 3-6 "Sippin on sum syrup"

And mozzarella sticks for dessert

I make beats like presto!

Platinum hits like this grow

Bustin shots in your projecto
