Sometimes I start to think of life and all the answers I'll  
never have  
To the questions we're always thinking, we're always  
asking  
But for now I'll stop to think, 'cause tonight I'm living  
the dream  
Yeah for now I'll stop to think, cause for now

We'll run away and we won't be coming back  
We'll run away, no we're never coming back  
And if it all comes down to this,  
No, we won't be coming back  
And if it all comes down to this,  
No, we're never coming back

Watch the world we're getting old, let's make sure we  
don't grow so cold  
'Cause if it all came to an end, I'd cross my heart and  
hope to die  
But for now I'll stop to think, 'cause tonight I'm living  
the dream  
Yeah for now I'll stop to think, cause for now, yeah for  
now

We'll run away and we won't be coming back  
We'll run away, no we're never coming back  
And if it all comes down to this,  
No, we won't be coming back  
And if it all comes down to this,  
No, we're never coming back

Count me in, when it's safe to say we're not the ones to  
blame  
'Cause we'll never grow, we'll never grow so cold
