The streets of broken dreams await  
the darkness. To bring new souls  
along for the ride. Another statistic  
on the sidewalk. Found his peace at  
last. In your stare, lost innocence.  
Seen all the misery of this world.  
Lonely ghosts escaping a dismal  
past  
Another statistic on the sidewalk  
Found this peace at last.

It's my final bloodletting  
In your stare, lost innocence. Seen  
all the misery of this world. The  
hangman's laughter echoes in the  
alleys of the dead.  
Put an end to the manic frustration.  
Find my peace at last. Put an end to  
this manic frustration. Find my peace  
at last.  
Shed the blood that runs through my  
veins. Bloodletting. When you bleed  
seek salvation in me. When you bleed  
seek salvation in me.
