Bloodsucking bitch is gonna make the whole world sick  
Cuts herself, little miss Gothic  
Fake accent and everything that goes with it  
You try too hard and you still aint got it....bitch!

Gonna hurt everyone she can  
She only wants herself a man

So suck their blood now, suck their blood now  
suck their blood now, suck that blood... bitch!  
Bloodsucking bitch!

Bloodsucking bitch is getting fatter every minute  
Watch out or she might blow it  
Hate her and everything about the bitch  
And you'll never have me again... bitch!

Gonna hurt everyone she can  
She only wants herself a man

So suck their blood now, suck their blood now  
suck their blood now, suck their blood... bitch!  
Bloodsucking bitch! Bloodsucking bitch!  
Suck that blood!

Bitch! Bloodsucking bitch!  
Yaaaow! BITCH!
