Nowhere.....

No place I'd rather be,  
I'm my own sideshow  
wrapped in filth and misery

? I'd see in colour  
My future's so black and white  
I got a non-stop ticket  
No destination in sight

So sit right up for the ride of your life!....  
the line starts here in the back of my mind..

I ride....into the super ci-fi  
My stars are fallin  
down, down, down  
to the earth tonight

So sit right up for the ride of your life!.....  
the line starts here in the back of my mind...

Well you can rearrange the strange and deranged  
The sign up ahead says:

Welcome to the strange  
Welcome to THE strange

So sit right up for the ride of your life!....  
the line starts here in the back of my mind

Nowhere.....

No place I'd rather be,  
I'm self-made monster and my own worst enemy

So sit right up for the ride of your life....  
the line starts here in the back of my mind,

Well you can rearrange the strange and deranged  
The sign up ahead says

Welcome to the strange!  
Welcome to THE Strange
