It started with the whispers here I guess
Outside my house at 3 AM
Consider this your last chance now it seems
You're choking on each word you said to me

So write these words down
'Cuz I know you won't hear me
Nothing ever changes
You won't get over this

I'll keep you around
Keep you in touch
Keep you from not expecting this much
I'll keep you in mind
You're wasting time
You're asking me to come back here tonight
I'll keep you around
I'll keep you around

It's only 7:30 you already called
You're telling me we're best friends
(We're best friends)
But I wouldn't agree to it
Well I guess we're cool for now
But you're beggin' for attention
From anybody, somehow

Write these words down
'Cuz I know you won't hear me
Nothing's gonna change
You won't get over this

I'll keep you around
Keep you in touch
Keep you from not expecting this much
I'll keep you in mind
You're wasting time
You're asking me to come back here tonight
I'll keep you around

So get the picture oh, in your head
I've got the message all over my back

I told you once, there's no excuse
You'll renew this back
I didn't wanna tell you

I'll keep you around
Keep you around

(X3)
I'll keep you around
Keep you in touch
Keep you from not expecting this much
I'll Keep you in mind
You're wasting time
You're asking me to come back here tonight

Hoo-oh-oh
Hoo-oh-oh
