Cupid shot me in the eye so they say that love is blind
Is she gonna say yes? Is she gonna say no?
What's she gonna say?

Am I moving too fast? Am I thinking too slow?
I just wanna know

So I took all night to write this stupid love letter to you
Yeah you, from me to you
And all the time that I wasted on this stupid love letter
to you
Fuck you, from me to you

You said no, you said no
So I took all night to write this stupid love letter to you

Pick your heart up off the floor with good intentions at
the door
Is she gonna say yes? Is she gonna say no?
What's she gonna say?

Am I moving too fast? Am I thinking too slow?
I just wanna know

So I took all night to write this stupid love letter to you
Yeah you, from me to you
And all the time that I wasted on this stupid love letter
to you
Fuck you, from me to you

You said no, you said no
So I took all night to write this stupid love letter to you

Too late, all the damage is done, oh
There's no return to sender

So I took all night to write this stupid love letter to you
Yeah you, from me to you
And all the time that I wasted on this stupid love letter
to you
Fuck you, from me to you

You said no, you said no
So I took all night to write this stupid love letter to you
