Brethren don't cut me when I'm going, I don't hear myself
We 'bout to drop, drop, drop, drop
You can bring the beat up a little bit in the headphones
Bring the beat up a little bit
We 'bout to drop, we 'bout to drop, drop, drop, drop

I got Moxie, I'm so damn foxy
Industry try to block me like cops and paparazzi
Full stop, don't copy, just cop me properly
Everybody same policy, universal equality
Responsibility, polity, to survive economically
Some people do it comically, fruits of freedom,
equality

Invest your money properly, people owe me apology
Intellectual property, stealing stolen commodity
Souls searching or controlling and robbery, cold lack of camaraderie
Clones, copycats bother me, mine, own, blind cats,
follow me
Honesty, honesty, honestly, all these jokes are
common-league
Puppets with no autonomy, yup it's Fugees entirely

I see you looking but you better take it easy
Tell your crew I said tell 'em take it easy
Here's come the rocket launcher, you better take it
easy
Take it easy, take it easy
(Too sleazy)
Too much ex mami, take it easy
Good with the sex mami, you'll be like, take it easy
(Ay papi)
Better take it easy, take is easy, take it easy

You movin' bricks but you better take it easy
Here's a tip, you're too flashy
I don't tip twice, but you best friend he DT
And that dog sniffin' in the back ain't Lassie
And I ain't rhymed in a minute, but ya'll ain't catch up
And that ain't blood on your shirt, man that's ketchup

(That's ketchup)
Picture Clef getting a writer to give him help

I'd rather kill myself become a ghost and write for
myself
(Oh my God)
'Cuz I'm the top celebrity, top celebrity, top celebrity,
MC
(Bing)
I flow for the thugs, gypsies, and hippies
(Bing)
A ghetto maestro with a Nat Turner flow
(Bing)
Malcolm X come out, hit the Klu Kulx Show
(Shoo, woo, woo)

I see you looking but you better take it easy
Tell your crew I said tell 'em take it easy
Here's come the rocket launcher, you better take it
easy
Take it easy, take it easy
(Too sleazy)
Too much ex mami, take it easy
Good with the sex mami, you'll be like, take it easy
(Ay papi)
Better take it easy, take is easy, take it easy

Don't you know originals get plagerized
Majors minors, must supervise
Haters, climbers get scrutinized
Placaters, blind and stupid guys
Wicked people choose homicide
Dregs of society heathen 'em
Beggars, bogus misleading dem, Nigra, Negro,
Negrito 'em
Angelitos con libre dem, Chico's, Chica's completing
them
Addiction, fiction, bleeding them, capitalism eating
them

Misunderstanding cheatin' them, the ignorance
defeating them
True loyalty is leaving them, got royalty believing them
Eyes open deceiving them, reconciling, receiving them
Reckless driving and grieving them
Matthew Andrew and Peter them
(Slow down)
We 'bout to reconcile
We 'bout to reconcile

We 'bout to reconcile

(Reconcile)
We 'bout to reconcile
(Recon, recon, reconcile)
We 'bout to reconcile
(Tell 'em to give off my style)
(Slow down)
We 'bout to reconcile
(Reconcile like Public Enemy)

We 'bout to reconcile
(Slow down reconciliation)
(Tell 'em to get off my style)
We 'bout to reconcile
(Running with my crew again)
We 'bout to reconcile
(Slow down)
(Tell them to get my off style)
We 'bout to reconcile
(Slow down)
(Tell them to get my off style)

(Ay yo)
(Yo yo yo yo yo)
Stop the track, what ya'll thought I wasn't coming
Been in the L.A., few flicks, few millions
Back with the Fugees, foo-fighting for a few billions
Dub plate dealing, sound boy killin'
Anything we do, we want that cap for me realin'?
Angelo, Simone, Michelle, you know them willin'

Can't fight the feelin' when I pull in the SFR
Every girl love's a ghetto superstar
(That's Pras baby)
Run hip hop like pin stripe Lees and
I got love for my crew like Big had for Cease
(C's)
Pull and squeeze on these MC's
I don't really wanna do it, take it easy

I see you looking but you better take it easy
Tell your goons that they better take it easy
Here's come the rocket launcher, take it easy
take it easy, you better take it easy
(Too sleazy)
Too much ex mami, take it easy
Good with the sex you'll be like take it easy
(Ay papi)
Mami take it easy, take is easy, you better take it easy

We got L-Boogie in the house
(What)

Prazwell in the house
Clef, Jerry Wonder, yeah

Big Ro I see you in the back
(Rohan)
Let's get this thing started
Let's stay focused, focused, focused, focused

Oh, if you don't know what's goin' on man
The Fugees back on the street, serious thing right now
You scared yet, ah pack your dibby dibby dub box
