Buddy is his name  
He drives me a-insane  
Yeah-yeah-yeah Buddy  
Oh what a guy to see, yeah  
I wanna love that baby  
So much you can't see, yeah

Everyday, he's there  
With never a care  
Yeah-yeah-yeah Buddy  
Is my heart's desire, yeah  
But the way he looks at me  
Sets my world on fire  
Well-well-well, that guy has got everything  
Everything from A to Z  
Well, I really hope that some day  
He will want me-e-e-e

Buddy is his name  
He drives me a-insane  
Yeah-yeah-yeah Buddy  
Is my heart's desire, well  
But the way he looks at me  
Sets my world on fire

Well, now that guy has got everything  
Everything from A to Z  
Well, I really hope that some day  
He will want me-e-e-e

Buddy is his name  
He drives me a-insane  
Yeah-yeah-yeah Buddy  
Is my heart's desire, yeah  
But the way he looks at me  
Sets my world on fire
