(I feel better now)

So many pieces in my mind, watch them go
So many things I've tried to find, and watch them go
After all this time I can't decide, still don't know
I feel better now, I feel better now
I feel better now, I feel better now
I feel better now, now, now, now

Tell me if you're gonna move on
We are fallin' down, fallin' down, falling - get up
Tell me if you want to move on,
Are you fallin' down, fallin' down, falling - get up

So many pieces, so many pieces in my mind
They never hesitate, they only fantasize
So many pieces, so many pieces in my mind
They always contemplate, but never compromise

Tell me if you're gonna move on
We are fallin' down, fallin' down, falling - get up
Tell me if you want to move on,
Are you fallin' down, fallin' down, falling - get up

I feel better now...
So many pieces in my mind...
