"China Love"

The energy I see
The silence that you speak
The lust within my dreams
And what I t says to me
This full heart of mine
You just can't empty
So come lay with me
China love
How pleasant life will be
China love
As the sun retires
Our love will transpire
Make love to me
China love
I see the sunshine
When I look into your eyes
They speak of worlds gone by
We loved another time
My heart was empty
Till you came to be
So come lay with me

China love

How pleasant life will be

China love

As the sun retires

Our love will transpire

Make love to me

China love
