sittin' over here staring in your face  
with lust in my eyes  
sure you don't give a damn  
and you don't know that i've been dreaming of 'ya  
in my fantasies  
never once you looked at me  
don't even realize that i want you to fulfill my needs  
think of what you want  
let your mind free  
run free to a place that noone dares to  
how many times  
i lay in bed excited over you  
i closed my eyes and thought of us a hundred different  
ways  
i've been there so many times i wonder how about you  
day, night  
night, day  
all i've got to say is  
(chorus verse)  
if i was your girl,  
the things i'd do for you

i'd make you call out my name  
i'd ask who it belongs to  
if i was your woman  
the things i'd do for you  
but i'm not, so i can't, and i won't  
but...  
if i was your girl  
allow me some time to play with your mind  
and i'll get there again and again  
close your eyes and imagine my body undressed take  
your time  
'cause we've got all night  
ooh.. you on the rise  
and you're touching my thighs  
let me know what you like  
if you like  
i'll go down da down da da down down down  
i'll hold you in my hand and baby  
your smooth and shiny feels so good against my lips  
sugar  
just close your eyes and hold on tight baby  
i want you so bad i can taste your love right now baby  
day, night, night day  
all i've got to say is  
if i was your girl...(repete verse)
