Chorus:

If you love me, say you do

If you want me, say you do

If you need me, say you do

If you love me, say you do

Your body chemistry, your history, your smile

I like it, I like your style

Magnetic mystery, your hypnotistic child

I'm knee deep, You drive me wild

Repeat Chorus

So electrifying, you soon might just blow my fuse

Love skipper, it's you I choose

I'd buy a trip, desire, systematic smooth

I'm hooked up, I'm hooked on you
