Here we are just you and me

Got something for you baby

Wait and see

No need to worry, come follow me

I don't want you to think about anything else

tonight

We've been together for quite sometime

Now I know that your love is mine

No more fantasizing of how it would be

'cause tonight all your dreams come true

CHORUS:

Ready to give all my love

Won't hold back, someday is tonight

Let me make your dreams come true

Don't hold back, someday is tonight

You know I promised

I'd be worth to wait

Now the wait is over baby

Please don't hesitate

Boy you make me tremble

With your warm caress

I never knew I could feel this way

No more fantasizing

You'll ever have to do

'cause tonight baby

All your dreams come true

I want you so bad I can taste it

I'm yours if you want me

CHORUS
