(Feat. Babyface)

When I heard that you were looking for a love right  
away  
I knew I was the one  
Ain't no point in looking anymore...more  
Girl I'm ssure cause I  
I know what you've been missing  
And I'm standing here to listen  
Girl I will give you undivided attention to your heart...  
Heart girl I want to

Chorus:

Treat you right

Treat cha like a lady  
Treat you right  
Treat you like my baby  
Treat you right  
Treat you like the lady you are

Let's get the fire ignited you'll see  
There's no point in waiting anymore...more that's for  
sure  
I wanna give you my kisses girl  
I wanna give you my whole damn world  
I wanna give you my heart, my soul, don't you know  
Get this girl, I really wanna get with you girl  
I wanna give you my rock, my roll, my sexy soul  
Girl I want to  
Chorus
