na na na na na na na na
na na na na na na na

Over the hills and far away
Into a land unknown
That's where she'll run from time to time
To a place where she feels at home
There's no rhyme or reason
To where she might be
But one way of knowing
Just one way to see

When she smiles
Look in her eyes
And she will take you there
She'll take you anywhere
take you anywhere
And for a while
You're side by side
Sharing the ride with her
And you will understand
You'll see
Why she's so beautiful.... to me

And though
Meeting her makes you feel lonely
You'll give her your heart and she's only passing by
She'll spend some time to see your light of day
But shines so bright she will turn away
And you'll try and fail to make her stay
But still, she makes it worth your while

When she smiles
Look in her eyes
And she will take you there
She'll take you anywhere
take you anywhere
And for a while
You're side by side
Sharing the ride with her
And you will understand

You'll see
Why she's so beautiful to me

When she smiles
Look in her eyes
she will take you there
na na na na na na na
And for a while
You're side by side
Sharing the ride with her
And you will understand
You'll see
Why she's so beautiful to me
