I didn't have a care or worry
I wasn't in the slightest hurry
To fall in love & give my heart away, oh baby
So hurt many times before
That I said this time for sure
I was locking up the door, then baby...

CHORUS:

Ooo you came, you saw, you conquered all the love in
me
Oh baby, you came, you saw, your turned your lovin'
right on in me
Wo oh wo oh oh

My enemy was warm desier
He shot me down with lips of fire
I ran for cover straight into your arms, oh baby
Footloose, fancy free
Nobody could get a hold of me
Then you kissed me tenderly, & baby...

(chorus)
(instrumental)

Goodbye, heart of mine
Hello, sweet ties of love that bind
I'll try love just one more time, 'cause baby...

(chorus)
(instrumental, fading out)
