You said I was special  
You said I was your best friend  
Thatâ€™s not always true boy  
Look how we just end

Lyric  
Donâ€™t mistreat me  
When you are with your other friends  
You talk to me like I am a dog  
And thatâ€™s not how to be friends

Chorus  
But if you just open your heart  
And let me step inside  
I want you to know, that I want a more  
I hope you understand, and boy

Bridge  
Donâ€™t say no  
Please donâ€™t say no, cause I want you boy

Lyric  
When we are together  
We go out and have a good time  
But deep in my heart boy  
Iâ€™m wishing that you were mine

Lyric  
I know you donâ€™t feel  
the same way that I do  
You just want a friend  
and baby I just want you

Chorus  
But I canâ€™t help it,  
this is the way I feel  
But if you let me step inside  
And show you how I feel, itâ€™s real

Please donâ€™t say no  
Please donâ€™t say no, cause I Love you boy

[Music]

Chorus

But if you just open your heart  
And let me step inside

I hope you understand, and boy

Please donâ€™t say no, cause I Love you boy
