She could paint the sweetest pictures
All that were all animated by contaminated lies
Before you knew it you were missing
Find yourself whispering her name
Playing all her games

I'm not the only one who wants to get away
It's too easy just to stay

Every night I close my eyes and wake up in her grip
Poison on my lips
And every place I fix my gaze she's turning me to stone
I'm lost and I am far from home

Never waited for your cue
Fell hopelessly for you
There was nothing else, there was nothing I could do
All the things I was thinking you were going to be and I
was going to see
It was just a fantasy
It had a hold on me

I'm not the only one who wants to get away
It's too easy just to stay

Every night I close my eyes and wake up in her grip
Poison on my lips
And every place I fix my gaze she's turning me to stone
I'm lost and I am far from home

There's not much left here to call my own
There's no one left here to call my friend

I'm not the only one who wants to get away
It's too easy just to stay

Every night I close my eyes and wake up in her grip
Poison on my lips
And every place I fix my gaze she's turning me to stone
I'm lost and I am far from home
