"Everybody"

Everybody, is hiding something under their clothes
Lay it on me
Everybody, is lying to somebody they know
Everybody gets sexually frustrated and blue
Because we're all just window shopping
On a cruise that won't be stopping, no time soon,
because it's

(Hard), for everybody
(Hard), for everybody

I'm on my own and lonely only solely do I go
I need a soul to hold me when my body's slow and old
Every time I get tired and decide to
Let this party go
They throw me out the door
And I'm back out in the cold
With everybody

Everybody, is hiding that they're nervous as hell
Everybody, is insecure with being themselves
Everybody, is looking for somebody to love
I admit to being guilty to everything mentioned above,
you know because it's

(Hard), everywhere you go
(Hard), everybody, everybody

I'm on my own and lonely only solely do I go
I need a soul to hold me when my body's slow and old
Every time I get tired and decide to
Let this party go
They throw me out the door
And I'm back out in the cold
With everybody

Get on get on; buy your ticket get on
All aboard the boat, the party's getting started
Find a partner on the floor
Don't think so, so think me I won't
Charlie breathe smoke, no hokey-poke

Ghostly don't blink slowly we gone
