cards are on the table
told you not to call
had you like i didnt care while you tried not to fall
and i know you're wrong
i know the song and i know how it ends
and im sorry im so sorry, you're my best friend.
I watched you drive away even waved goodbye
and i was fine with everything i said
when i got back inside was confronted by this
heartache
and i know exactly why and what i do
im gonna treat you like im somebody else too.

said im gonna be a better man then the one i was last
night
im gonna show you who i am i'm swallowing my pride,
i know by now you think i'm just another waste of time
but im gonna prove you wrong no lie.
say goodbye to the old me hello mister right

this world has been a whirlwind driving blind and
dodging trains
and i was scared and you were scared and we were
both scared of the same thing
i see you right putting on that old dress, i need to get
you in the candle light of that old italian resteraunt
your eyes bring out the room babe
you're here safe to assume safe to assume ...

im gonna be a better man then the one i was last night
im gonna show you who i am i'm swallowing my pride,
i know by now you think i'm just another waste of time
but im gonna prove you wrong no lie.
say goodbye to the old me hello mister right

didnt mean to leave you out, just to remove any doubt

im gonna be a better man then the one i was last night
im gonna show you who i am i'm swallowing my pride,
i know by now you think i'm just another waste of time
but im gonna prove you wrong no lie.

say goodbye to the old me hello mister right
