I'm alive, trying to find my way
Lost inside, I know I can't stay
Pack and drive, down that long highway
Find my sky, have something to say

I've got no time to lose
Find out what I can do
Don't want to have to ask myself
If I could have been somebody else

Nine to five, don't feel much like me
I'm inclined, to fill my car and leave
It's time to find, if it's just fantasy
Walk that line, as far as I can see

I've got no time to lose
Find out what I can do
Don't want to have to ask myself
If I could have been somebody else

Don't hold the phone, 'cause I'm holding my own this
time
I need to find truth in the words I've been writing
The one's I've been hiding from you

Leaves me with no time to lose I'm alive, I'm alive
And I'm finding the music inside, it's inside me
I'm paying my dues I'm along for the ride of my life
The ride of my life
