If you wanna talk about it I'm open,  
I'm open too my day is free.  
Once you are out of high school I'm hoping,  
I'm hoping you remember me.  
These last few weeks have flown so quickly,  
So quickly by and I'm alright.  
Staying close this next year might be real tricky,  
Real tricky so I'll just hold you tight.  
And if some huge ass college ivy eatin' stud takes you  
away,  
Buys you season tickets to the baseball games he plays  
in,

[Chorus:]

I will take this chance and call in every time I'm near a  
phone  
'Cause if home is where the heart is I don't wanna sleep  
alone.

If you should leave this heart would be broken,  
Be broken you are what I need.  
If that makes me look stupid I'm joking,  
I'm jokin' too this heart don't bleed.  
And if some rich ass corporate sushi eatin' suit takes  
you away.  
Buys you rings and things that sparkle in the new car  
that he gave you.

[Chorus]

And if I'm the lucky one who gets to take your heart  
away  
I will bring you out to dinner with the money that I've  
saved.  
I will sing you every evening all the reasons that I do  
That if home is where the heart is then I'm only home  
with you.
