Lyric

You told me you like what you see
I'm still trying to believe that girl
There is no one else going to be like us
Not here or in this world

Bridge

We'll try to make things happen
Each and every day
There is nothing that can make us happier
And we can do it in our own way

Chorus

Could you love me
Could you love me for the rest of our lives
Could you love me
And live with me in paradise

We take our life to be sincere
One day at a time
To have you close and very near
That makes us one of a kind

You and me together
We can make the world go around
What we both discovered
Is a new love that we found

Chorus

Could you love me
Could you love me for the rest of our lives
Could you love me
And live with me in paradise
