### "A Grief Observed"

It's a grief observed  
And the problem is the problem of pain  
We've lost our faith  
And we point the blame to the grave...

... When all has slipped away

You took my love  
You took my health  
"Why not take all of me  
Why not take all of me", he said  
'Cause either way I win

If this is perceived just by what is seen  
I'll never come to believe That such a hardship  
Goes so far beyond me so unexpected, but in  
retrospect  
I know it's all for good

It'd be so easy to turn your face today  
When everything you have is swiftly ripped away  
But because your faith is the lense through which you  
see  
You press on, you stand tall for all to see

Only torture, only torment  
Will bring out the truth in such a man

I know it's all for good
