Someone, someone who needs me like I need
someone
Someone to share my life
I'm so tired of being alone
Girl, you know I just can't make it on my own without
someone

Someone who believes in me
Someone who really cares
Someone who give all their love and promise to be near
Someone warm and true
Someone just like you
Beside me to guide me thru' the lonely nights

Love is a thing you can't live without
Don't you kid yourself I know what I'm talking about
If you do everything as one
An empty man is all you're gonna become without
someone

Someone who believes in me
Someone who really cares
Someone who give all their love and promise to be near
Someone warm and true
Someone just like you
Beside me to guide me all thru' the lonely
nights
