[Verse 1]

How can I replace,  
All the words I'd slipped away  
I'm down by the one,  
Who has become so undone  
You were wrong, all alone,  
Let me go, on my own

[Chorus]

Just stay away from me,  
Because I'm the thing to you can't see  
What you see, is pushing me away  
Don't say, and I was never leave for you  
Because I'm the one who pulls you through  
I am the enemy, that you just love to hate

[Verse 2]

How can I forget,  
All the nights I never slept  
What will tomorrow bring,  
When the words don't mean nothing  
So let me go, on my own  
On my own, away from home

[Chorus]

Just stay away from me,  
Because I'm the thing to you can't see  
What you see, is pushing me away  
Don't say, and I was never leave for you  
Because I'm the one who pulls you through  
I am the enemy, that you just love to hate

[Verse 3]

So look into my eyes,  
And you will see a more detailed  
What could be be anything,  
No it's not to late  
So I will give it all to you,  
Because I'm the one you can't see through  
Because I'm the one you can't see through

[Chorus-Ext]

Just stay away from me,  
Because I'm the thing to you can't see  
What you see, is pushing me away  
Don't say, and I was never leave for you  
Because I'm the one who pulls you through  
I am the enemy, that you just love to hate

Don't say, and I was never leave for you  
Because I'm the one who pulls you through  
I am the enemy, that you just love to hate
