[unknown speaker]
History can never be made by one man, we must
smash this one quickly
History is made only by the masses of the people, this
is clear
Even a, cursory glance at the falasfallacious
presentation
of history by the American capitalist system, will
demonstrate just this
Take George Washington, as bad as he is
Put him in the middle of Valley Forge, by himself,
surrounded
by the British, he can do nothing
laughing and applause
Mhmhmmhmm
Take Martin Luther King as righteous as he is
Put him in the middle of Birmingham by himself,
speaking out against racism
He would be lynched
But you take this same King, you take this same
Washington
Put them in Valley Forge, put them in Alabama
Surround them with thousands of people who have the
same ideas they do
Willing to make those ideas reality and the situation
changes drastically
