### "The Agony of a Rise and Fall"

Cut into the middle where it's not skin deep  
My heart will continue to beat forever  
The writing's on the wall and it is carved in stone

A rise and fall  
We've come too far to let this fall upon us all  
This could take all night  
Save me from the last goodbye

Cause I can't fight for you, unless you fight for yourself  
Come one, come all  
'Cause I can't fight for you, unless you fight for  
yourself  
Stand one, stand all  
So you can't fight for yourself

Distracted by my charades  
Disheartenly caught in my decay  
Crumbling in my betrayal, and I see  
you wilting

This is my downfall  
This is my intuition  
This is my downfall  
This is my call to arms

And I will find you face down in this masquerade  
And I will watch you crumble in this beautiful tragedy

Watch you crumble  
We'll watch as your kingdom falls
