My sky blue diamond  
The siren's calling but I don't want to leave you  
My sky blue diamond  
The siren's calling but I don't want to leave you  
She's reaching up to pull me under  
But I rather make her wait on us

My sky blue diamond  
The sun is bleeding out into to the sea  
My sky blue diamond  
The sun is bleeding out into to the sea-with me

My heart's keeping time to the beat of sound  
but there's still so much that I haven't done here yet  
I've gotta get out of this whole mess

I just want to stay here and love you, kiss you and hold  
you  
just like the day we met  
just cause she's pulling me down now  
don't mean I love you any less

Any less....

My Sky blue diamond...
