Before we arrive with all of you  
We turn it down with the point of view  
We leave you out and try to think  
They fall apart with every thing

Leaving home  
Breathing paralyzed  
Endless drone  
Dynastic eyes  
Electron  
Elemental home  
Heavy on californium

We never landed on the moon  
The world we know is ending soon  
We have the vote, the figs is in  
Until we gain, we cannot win

Leaving home  
Breathing paralyzed  
Endless drone  
Dynastic eyed  
Electron  
Elemental home  
Heavy on californium

Transmission's breaking down again  
Too far to God  
Believe you're better off instead  
You'll never know

Leaving home  
Breathing paralyzed  
Endless drone  
Dynastic eyed  
Electron  
Elemental home  
Heavy on californium
