Step inside  
There is nothing to hide  
So sorry I've been out of touch

Lay your head  
In my stereo bed  
Close your eyes if you're seeing too much

Red lava science films from school  
Are rolling through your mind  
Self-satisfaction drives you blind

Can't say no  
When the dealing starts to flow  
Ceilings glow  
As you sink in the snow

She can cry  
Now I'm hovering high  
Down to Earth I've never been much

Something said the illusion was dead  
But it seems she's warm to the... touch

Crystallization films from school  
Endlessly rewind  
Self-medication drives you blind

Can't say no  
When the dealing starts to flow  
Ceilings glow  
As you sink in the snow

Can't say no  
When the dealing starts to flow  
Ceilings glow  
As you sink in the snow

Can't say no  
When the dealing starts to flow  
Ceilings glow

As you sink in the snow

Can't say no

Can't say no

Can't say no

Can't say no
