In the company of plastic men who can't decide  
Opportunity, your kiss of death, just wasting time  
There's no pharmacies you helped revet, the cycle stall  
It's compiltationcy that keeps you pressed against the  
wall

And the world is slowing down these days  
All your lights are turning brown in shades

Reversing fields  
It seems so not real  
We're just a revolution away from where we want to be

Possibility has been replaced with compromise  
It's a tragedy but it's too late to change your mind

And the world is slowing down these days  
All your lights are turning brown in shades

Reversing fields  
It seems so not real  
We're just a revolution away from where we want to be

Reversing fields  
It seems so not real  
We're just a revolution away from where we want to be

Reversing fields  
It seems so not real  
We're just a revolution away from where we want to be
